

Work From Home Policy

Company: Northstar Technologies (fictional)

1. Eligibility

Employees who have completed 30 days of employment may request regular work from home.

Employees must have a suitable workspace and reliable internet connection.

Eligibility does not guarantee approval.

2. Approval

Employees submit work-from-home requests to their manager through the HR portal.

Managers consider role requirements, team coverage, performance, and business needs before approving a request.

Approved arrangements may be reviewed or changed when business requirements change.

3. Working Hours

Employees working from home must remain available during their agreed working hours.

Employees must attend scheduled meetings and respond to normal work communications.

4. Equipment and Security

Company equipment must be used in accordance with company security requirements.

Employees must protect company information from unauthorized access and should avoid using public computers for company work.

Lost or stolen company equipment must be reported to IT as soon as possible.

Document purpose: This fictional policy is intentionally simple and structured for testing an employee-onboarding RAG application.
